

Judge J. J. Mahaffey Addresses Men's Club Friday

Future meetings of the Men's Club will be held in the L.O.O.F. hall on Tuesday evenings. It was decided at a regular meeting held Friday. The change of meeting places was necessary because of the already complete time table in effect at the Church Hall.

The Set-Up of Courts in Alberta, was the subject of a paper read by Judge J. J. Mahaffey at the meeting. In this paper the duties, services and personnel of the Justices of the Peace, Police Magistrates, District Judges and Supreme Court Judges were explained. "Any bill printed by the King's Printer is accepted as evidence in any court under the provisions of the Canada Evidence Act and the Alberta Evidence Act," Judge Mahaffey explained.

The method in which jurors are chosen the formation of the Jury List, which is set up by a Dominion Act in every village, town and city with a population of over 500, was also dealt with by the speaker.

Community singing was led by T. Wilks, in the absence of A. Sweet. The ladies of the Rebekah Lodge catered for the meeting.

M.D. Crown Council Decides on Seed Grain For Next Year

Sweet clover, alfalfa and timothy are the three varieties of seed grains that will be available from the Municipal District of Crown. It was decided at a regular meeting of the Municipal Council held Thursday of last week. Last year, in addition to the above-named seed grains, alfalfa, timothy, bromine grass, crested wheat and alsike were available for distribution under the Forage Crop Seed Plan. The last four grains have been dispensed with because of the small demand for them from the farmers of the Municipality.

Woman Drops Dead Saturday on Bentley Station Platform

(From Our Bentley Correspondent)

BENTLEY.—Suffering from a sudden heart attack, Mrs. Bernice of the Headley District, dropped dead on the station platform here Saturday morning. She had been a patient in the Bentley Community hospital for one week, and in company with her daughter, was leaving Bentley when the unfortunate seizure took place. She passed away before medical aid could be given.

REQUEST OLD CLOTHING FOR CHARITY PURPOSE

The Central Relief Committee has requested donations of clothes, shoes, etc., for the preparation of the annual Christmas Cheer hampers. All donations will be gratefully received. Kindly send the clothing to the Town Hall or phone 50.

This Week's Thought

What is defeat? Nothing but education. Nothing but the first step to something better.

Lacombe Athletics Take Two from Stettler Imperials

With two victories tucked under their belts, the Lacombe Athletics are holding stiff practices trying to get in the pink of condition to meet Olds on Saturday night here. "Condition is the important thing right now," Coach Bob English states, and he is holding stiff workouts regularly, driving the boys hard.

Stettler took a second beating at the hands of the Lacombe aggregation on Tuesday night, when they held the short end of a 4-3 count. Penman, Mills, Chit and Roberts scored for the local team. Play was fast throughout and inclined to be rough as the defence of both teams handed out stiff body checks. Hoppus, suffering from a severe cold, played only for a few minutes during the game.

Lack of condition in the local boys was easily seen during the game, as they faded badly near the end.

The Lacombe Athletics, playing their first game of the season, dished up some heads-up hockey to take the Stettler Imperials here on Saturday night. Fourteen penalties were meted out during the game, which saw fast, hard hockey played by both teams. The local outfit, showing the effects of coaching at the hands of Bob English, uncovered some pretty passing attacks that had the Stettler defence and goalkeeper jittery.

Todd in the Lacombe goal was outstanding as the Stettler forwards poured in an endeavor to overcome Lacombe's lead. Hoppus and Brooks played good, sound hockey on defence, flattening most of the Stettler rushes the minute they passed the blue line.

First Goal by Brooks

Brooks opened the scoring with a hard shot from the blue line early in the second period. Roberts made the two up by scoring on a short pass from Bob Todd. Early in the third period, Penman scored after a solo rush which saw him slidehockey his way through the Stettler defence and bullet an unbeatable shot in.

(Continued From Page Four)

HOCKEY GAME TONIGHT AT ARENA

An exhibition hockey game will be played tonight (Thursday) between Wetaskiwin and Lacombe at the Arena, starting at 8:15 o'clock. The local boys are going good, having defeated Stettler in two games, and tonight's tilt will show how the boys shape up against a little faster company.

Mrs. R. L. Ramsay Elected President Ladies' Guild

Election of officers for the ensuing year, conducted by Rev. A. I. Carr, was the main feature of the regular monthly meeting of St. Andrew's Ladies' Guild, held at the home of Mrs. E. L. Miesner on Wednesday, Dec. 1st.

Mrs. R. L. Ramsay was re-elected President, and other officers elected were:

First Vice-President—Mrs. Geo. Brown.

Second Vice-President, Mrs. S. Pittman.

Secretary—Mrs. David Hay.

Treasurer—Mrs. F. D. Locke.

Committees appointed were as follows:

Social and Tea—Mrs. F. E. McLeod and Mrs. Harry Teare.

Supplies and Banquet—Mrs. William Teward and Mrs. F. E. McLeod.

Decorations—Mrs. G. Vickers and Mrs. A. M. Campbell.

Guild Refreshment—Mrs. Jesse Fraser.

Kitchen—Mrs. A. French.

Visiting—Mrs. J. N. B. Macdonald and Mrs. A. L. Carr.

Local High School Drops Basketball Games

The visiting Red Deer basketball team, defeated both Lacombe boys' and girls' teams on the local ball here on Thursday night in a high school basketball double-header. A fair sized crowd saw the southern city rivals display power and speedy team work in turning back our quintets in the first games of the season. The local boys' team were smothered 31-6, while the boys took a close 20-16 setback.

With Jean Reedy leading the way, the visitors had no trouble in taking the first part of the double bill. The local Coeds were out "hot" and by their rivals and only their break-away brought them out from underneath a shut-out. Red Deer's points were enmeshed by Reedy with 24, Beaumont with 1 and Dahl with 3. Kay Hay got two baskets for the local girls, while Trotter scoring the remaining points on a foul.

BOYS HAVE NO LUCK

Lady Luck failed to smile on the boys in the latter fixture as they went down fighting in a hard-fought battle. The local boys started out with a flashy array of passes and led 6-1 at the end of the first quarter, but their shots failed to drop through the hoop in the latter half when they needed the points. Time after time they were right in there, but the ball just wouldn't drop in.

With the locals down only four points in the last two minutes.

Local Badminton Players Win From Alix Club, 11-5

Local badminton club members journeyed to Alix on Tuesday night to compete in an inter-town tournament with the Alix badminton club. The local bird-chasers managed to win the tournament by a score of 11 to 5.

Among those engaging in play were Mrs. R. Warren, the Misses B. Burnett and L. McClary, and J. Morrison, A. Meston and John Cram.

Lunch was served in the Alix Legion Hall by the home town club.

Car Damaged by Runaway Team On Saturday Morning

Frightened by a switch engine, a team of black bronchos owned by M. M. Morfer, who lives four miles north of Lacombe, broke away from in front of Doherty's Blacksmith Shop and ended up by running into a car owned by D. G. Whitney, who lives southeast of here. The runaway took place Saturday morning and the horses ran down Railway Street for two blocks before running into the Chevrolet coupe. The car received dent fenders and body. The horses were not hurt.

CURLING TO START SOON

Rinks at the local Curling Club are rapidly rounding into shape, with floodings taking place regularly. Cracks appeared in some of the rinks with the advent of the extreme cold weather, but it is expected curling will start within a week.

Only 13 Shopping Days UNTIL CHRISTMAS

Do Your Shopping Early While the Selection is Good.

Thank You

This issue of the Western Globe contains a notice cordially devoted to the Lacombe and District Community Hospital, the importance of which to this district, we feel it is justly entitled. Nevertheless, the publication of this section could not have been possible without the support of the advertisers, both in Edmonton and Lacombe. Therefore to these firms we express a cordial "Thank you."

Officers Elected at Annual Meeting of N. L. Lodge

The annual meeting of the Ladies of the Northern Light Lodge, No. 623, was held at the home of Mrs. J. Johnson recently. Business of the year was dealt with, and officers were elected as follows: W. M. Mrs. Edna Mowbray, D. M. Mrs. Mary Colwell; First Com. Lady Mrs. Lottie A. Brooks, who was also elected as chaplain; Rev. and Bro. Sec. Mrs. Ruth A. Thompson; Treas. Mrs. Hannah Hoppus; First Lecturer, Mrs. E. A. Brooks; Deputy Lecturer, Mrs. Mary Colwell; D. of C. Mrs. Bonnie Bell Graydon; Guardian, Mrs. R. A. Thompson, and auditors, Mrs. Mowbray and Mrs. Brooks.

Considerable discussion took place, and preparations planned for the visit of the R. W. Provincial Grand Mistress, Mrs. Jean Fisher, of Calgary.

First Meeting of St. Andrew's Young People's Society Held

Over 45 young people attended the first meeting of the newly-organized society in St. Andrew's Church on Sunday evening. A very interesting and delightful program, sponsored by Group I, included a play, representing the Parable of the Good Samaritan, a reading on "Youth," by Clara Saunders, an organ solo, "The Stranger of Galilee," by Douglas Carr, and a dialogue by Dick Scott, Clara Saunders and Betty DeLong, and a musical talk by Rev. A. J. Carr, President, Donald McFadden, Vice-President, Dorothy Carter, Sec. Treasurer, Vivian Taylor, Pianist, I. Carr; Assistant, Pat. Hay; Dramatics Convener, John S. Cram; Group Leaders, No. 1; Jack McCaugherty; No. 2; Alvin Trotter; No. 3; Jean Wallace; No. 4; Mrs. E. L. Martin.

"It was agreed that the organization be called 'The Young People's League in Affiliation with the Young People's Union of the Lacombe Presbytery. Their first social evening will be held in the Church hall on Friday night.

P. A. Switzer Re-elected President Shorthorn Assoc.

P. A. Switzer, Lacombe Master Farmer, was re-elected president of the Central Alberta Shorthorn Club, when that organization held their annual meeting in the Adelphi Hotel on Thursday, December 2nd. Other officers elected were, Honorary President, H. A. Craig, Edmonton; Honorary Vice-President, Dr. R. D. Sinclair, Edmonton; Vice-President, Hugh Sharpe, Lacombe; Secretary-Treasurer, H. E. Wilson, Assit. Supt. of Live Stock, Experimental Station, Lacombe; Directors were chosen as follows: J. Laing, Blackfalds; H. S. Trame, Lacombe; J. F. B. Fretwell, Clive; J. Biglands, Lacombe; J. Thomas, Wetaskiwin; George Calder, Innisfail; W. W. Sharpe, Stettler; J. W. Durno, Western Field Man, Canadian Shorthorn Association, Calgary, recommended the Shorthorn breed of cattle as being the most suitable and profitable on the market. He believes markets will be fairly stable for some time, but he thinks too many female shorthorns are being sold locally for the best interests of the breed and the breeders. Because of a shortage in Saskatchewan and B. C., the market for good Shorthorn cattle should be good.

Mrs. J. Ford Elected President Lacombe Women's Institute

By unanimous approval Mrs. J. Ford was chosen to guide the fortunes of the Lacombe Women's Institute when that society held its annual meeting at the home of Mrs. E. E. Trotter, on Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. Saunders, Mrs. T. Roberts, Mrs. W. Clark and Mrs. V. Redig. The Social Committee is composed of Mrs. E. E. Trotter, of Friday, December 3rd. Mrs. W. Clark is Vice-President and Mrs. R. Hoppus Secretary-Treasurer. Directors are, Mrs. W. Teward, Mrs. R. THE WESTERN GLOBE

A strictly independent weekly newspaper, published every Thursday in the Globe Building, Nanion St., Lacombe, Alberta.

Harry J. Ford - Publisher

SUBSCRIPTION RATES

Three Months in Canada.....	\$ 50
Six Months in Canada.....	1.00
One Year in Canada.....	2.00
One Year in United States.....	2.50

The Western Globe Stands for:

1. The advancement of Lacombe and district in agricultural, industrial and community life.
2. True democratic government in Alberta.
3. Reduction of taxes and the public debt through the medium of safe, sane reform.
4. The abolition of direct rates through the production of public works.
5. Better roads for Alberta.

THURSDAY, DECEMBER 9, 1937

A Work Well Done

IT IS with a good deal of pride that the Western Globe presents this week its Hospital Supplement, setting forth the efforts and organization which resulted in the erection of the new Lacombe and District Community Hospital.

Since the new Hospital was first contemplated many months ago by those who both saw and felt the need for such an institution, there have been many temporary setbacks to their efforts; indeed there were times when the possibility of the Town and District ever being able to erect such a structure almost faded into the distance.

However, the officials of the Municipal District of Crown, the Town of Lacombe and the large majority of the citizens, knowing the need for modern hospitalization, never faltered in their efforts, and with dogged perseverance, overcame all of the temporary obstacles. It will be with a great deal of satisfaction that they attend the ceremonies on Wednesday, December 15, when the Provincial Minister of Health, or his Deputy, officially declares the Hospital open.

The building will also stand as a monument to co-operative enterprise, for without the full co-operation of the residents of Lacombe and those of the Municipal District of Crown, the hospital could not have been built, for neither of the two municipal bodies (as an individual group) could have financed the project.

The Hospital building itself is a work well done. It stands as a credit to the Hospital Board, to the architect and to every workman engaged in its erection.

Much credit is also due to the Hospital Ladies' Aid and various groups of women throughout the District, who by persistent hard work have succeeded in providing, free of cost to the Hospital Board, a splendid supply of linen for the new institution.

Of the future which lies before the Hospital, we think it may be safely said that if the same community support and patronage is given to the Hospital as we have witnessed in the months preceding its opening, the success of the Hospital seems reasonably assured.

The whole enterprise is a splendid example of what co-operative effort can accomplish.

"For years I actively advocated the unified operation of our two great systems. I do not any longer. I merely point out that unification is inevitable—and, while others produce endless reasons for the delay, no one can any longer deny this."—Sir Edward Beatty, President, Canadian Pacific Railway.

Shop At Home

This is the season of the year when shopping takes on an extra spurt. Local merchants and storekeepers arrange to put in extra stock to meet the usual Christmas spirit of buying. All too often, however, the local stores get the "go by," and a number of our people get the false notion that bargains are only to be found in the larger cities.

The benefits to be derived by shopping at home, when in most instances the merchant is known personally to you, are many. Nine cases out of ten, if the gift purchased for the good wife or husband, or the children, does not meet with their desires, the local store gladly substitutes the article for you. Then again, there is the question of credit, which you can seldom obtain from the out-of-town store. Cash is the only way they talk business with you. The strange thing about some people is that "far away fields look green," and they have the mistaken fallacy they can do better than in their own home town, and often, to their chagrin, they discover it is not the case.

If we could only get the good old "Golden Rule" practising the way it should this town would not have to take its hat off to the best. Providence has given us to enjoy one of the finest districts in the West, so let us all "thrive like bees in a hive, and not sting each other."

We have every reason to be proud of our community, and its continued success can be further fostered by spending your money with the merchants and businessmen of Lacombe, thus keeping your money at home and keeping it circulating in our own district as far as possible. It comes back to us again eventually.

If you are in business put your best into that business. Make people feel at home, glad to meet you, and do business with you. It pays to spend our money where our interests are.

"The desire to progress is the compass which guides the heads of the automobile industry in the difficult paths of general competition toward ever greater success."—Hon. E. L. Patenaude, Lieutenant-Governor of Quebec.

Through the Eyes of a Country Woman

By BRIDGET

Some of the most significant days in the British Empire's calendar are those which are labelled as the "last days for mailing" home for Christmas. The dates of mailing are, of necessity, different in the various Dominions, I know, but the sentiment, and consequently, the effort, are the same. During those days the bonds of home are revived and strengthened, while conversely, the dwellers in the Old Country are re-awakened to the importance of the far-flung Dominions and Colonies of the British Empire. Think of the millions of homes in various parts of the British Empire preparing their little gifts of love and writing their cards and letters of remembrance. What a large part this plays in the cementing of the British Empire can hardly be estimated. Sending a small parcel home may seem to us a simple act of love, or a friendly gesture to our erstwhile companions, but I see it as a small part of a great mass movement that helps to keep the British Empire united. If it were possible to stop entirely all this Christmas giving and receiving, think of what would be involved. Loss to trade would be immense—impossible to assess. There would be no extra salespeople necessary, some industries would be entirely wiped out, the loss in revenue through the sale of goods you hear re-stated that should Great Britain be compelled to go to war, her Dominions would not be compelled to help her, nor would they do so, according to some. Can one imagine, that while this great bond exists, that Great Britain need not come to her assistance, if necessary. Those inhabiting the British colonies are made of good stuff. Otherwise why would they stay in this West, for instance, would never have stuck it out. Gone are days when the wasters were sent to people the colonies, so that they should not disgrace the family name at home. Early in colonial history it was realized that men and women of fine character and stamina were required if these vast territories were to be converted into worthwhile British possessions. Now it is these self-same colonies that form a splendid crown on Britannia's brow. It is the very calibre of these pioneers that holds the Empire together, their inherent loyalty and stability that compels this interchange at Christmas, that is in itself so valuable. They do not alter, and they inculcate in their children a love of home that will not easily be laid aside. As long as these bonds of home exist the British Empire is safe.

I often feel, though, that the pioneering work that is being done in various countries all over the world is not fully appreciated by the inhabitants of the Mother Country. The effects or defects of the pioneer are praised or condemned many years later by history. The pioneer himself has to travel his road alone, as best he can.

During the last year, a very well-known British millionaire has given away millions of pounds sterling to build a college and endow it to found scholarships and various like worthy projects. I believe a very worthy object might well be the pioneer! Why not endow a fund whereby a few settlers and their families, each year, might get a chance to visit the Old Country. What vistas are conjured up of a better understanding, brought about by a constant interchange of the viewpoints of overseas representatives and their stay-at-home friends. Many a girl or boy has left a good home, and come to this country without realizing how much they would have to give up and go without. Very soon they are faced with the knowledge that however hard they work they will never see their loved ones again (unless there is a war). Fantastic as this scheme might seem to some, it could perhaps give to many the happiness of anticipation, that sometime, maybe, they might get the coveted chance of a trip home.

Colonists are all right when they are supplying the needs of the Empire. What happened during the war? Great Britain wanted Canada's wheat, and \$2.40 was paid for that wheat while there was a war on. A wheat Board was instituted so that the flow of wheat should be properly regulated. When the dire needs of a nation in distress, living under constant threat of a cutting-off of its food supplies through the submarine blockade, were satisfied, the Wheat Board was done away with, and the Western farmer was once more committed to the mercy of the so-called "law of supply and demand." The war ended, wheat dropped to 60 cents a bushel. Canadian wheat was no longer needed, Argentine was cheaper. The Canadian dealer, 60,000 years then, what mattered they? They had served their purpose. Those who got through the war, paid \$2.00 and over for their seed, and received 60 cents for their crop.

Why shouldn't the colonist be worth knowing? Surely they are as worthy the millionaire's benevolence as a dog's home or a new college. The trail blazer asks and expects no reward, but his work is of direct benefit to many and should be so recognized during his lifetime. He walks alone, and makes his way unaided, but in times of need he must be prepared to help his Empire, and give his life, if necessary, in a hundred years, perhaps, he will appear, with thousands of others, in history books, as good colonists who filled Alberta's soil in the twentieth century.

"The mistakes of anti-communists do more for the progress of communism in Canada than the communists themselves."—Grattan O'Leary, Editor, Ottawa Journal.

Do You Know? JACK H. FORD

carelaker of the Lacombe School, who came to Lacombe in 1897. Mr. Ford was born in South Molton, England, at the age of 16 he left the Old Country and worked with various farmers at Dorchester and Niles Town, Ont. In the Spring of 1897, he came to the call of the West and assisted Andy Gilmour in bringing a shipment of cattle to Lacombe.

The first stop was made at Blackfield, and of his first view of that place he laughingly reminisces: "There was a prairie fire going on both sides of the track—and no one there to meet me." The party came on to Lacombe after an over-night stop. In 1900 Mr. Ford enlisted with the Strathcona Horse at Edmonton, along with three others from the Lacombe district—Norman Fawcett, Frank and Art Poole. They left in March of the same year for the scene of the Boer War, sailing for Monterey from Halifax and arriving in Cape Town, South Africa, after an eventful voyage of 30 days.

Fought With General Buller Under General Buller and Lord Dundonald, he campaigned in the Boer War until its end, being engaged most of the time in skirmishes.

Mr. Ford returned to Canada by way of England, arriving back in Lacombe in the Spring of 1901, and agreed to work with Andy Gilmour.

In 1915 he married Miss Olga K. Rad of Calgary. He was appointed carelaker of Lacombe School in 1921, and having been in that position ever since, has seen hundreds of Lacombe's children pass through the school and enter other walks of life.

Mr. and Mrs. Ford have six children, four at home: Miss Nancy Ford at Red Deer and Miss Jean Ford at Toronto.

Executive of Teachers' Association Holds Meeting

A meeting of the executive of the Red Deer District Teachers' Association was held in Red Deer on Friday evening, Nov. 25. Those present were: Mr. G. Paul, Sylvan Lake, president; Miss Nancy Stevenson, Red Deer, Secretary-Treasurer; Mr. C. W. Willis, Mr. Loughhead, Mr. Ure, Innisfail; Mr. Hale, Blackfield; Miss Sheila Walters, Clive; Miss Isabelle Murray, Red Deer; Miss R. Lockerby, Lacombe.

Due to bad roads, some representatives were not able to be present.

The following committees were appointed:

Athletic Committee—Mr. Walsh, Red Deer, Chairman; Mr. W. Dawe, Balmoral; Mr. Kelly, Great Bend; Mr. Dameron, Bentley; Mr. Winter, Clive.

Pension Committee—Mr. Warren, Lacombe; Mr. Linton Gaez, Red Deer; Mr. Walter, Elmore.

Convention Committee—Mr. Hale; two members from Lacombe Public School staff; three members to be appointed from the Rocky Mountain House Division.

It was decided to ask each sub-local to express an opinion regarding a School Festival for 1937-1938.

Lacombe Creamery Cops More Prizes At Eastern Fairs

Prizes continue to roll in to the Lacombe Creamery as a result of their fine grade creamery butter. Besides the many prizes gathered at the Fairs the Western Canada Circuit, two second prizes were won at the Royal Winter Fair, Toronto; two firsts and one second at the Ottawa Fair. This butter is manufactured from milk and cream produced in the Lacombe district and is a credit to the farmers of this district as well as being a credit to the local creamery.

A STATE OF MIND

Co-operatives are in a state of mind. No subsidy, no governmental supervision, not even the ingenuity of the best business executive on earth, can make a co-op successful unless the participants themselves are compellingly aware that co-operation means CO-OPERATION, a feeling deep down in the hearts of men, a willingness to give the other fellow a break and to share a part of the load.

Unity Candidate Is Elected in Bye-election

By T. B. WINDROSS

In the general election two years ago, the Social Credit candidate in Lethbridge got 3,700 votes, a clear majority of 759 over his three opponents. Last week the Social Credit candidate found that he had 490 votes less than his party got in 1935, in spite of a much larger total vote polled in last week's bye-election than was polled two years ago.

The Unity candidate, Dr. P. M. Campbell, was elected to the legislature with a majority of 770 over Social Credit's A. J. Burnap.

When the legislature opens next month, there will be 11 members in the official opposition, beside five Independent Social Crediters, who usually vote against the government, for a total of 16, against 47 government supporters. In 1936, the lineup was 56 against 7.

Heading the campaign in the south, Albertast told audiences that the Lethbridge vote would show whether or not the people were still behind Social Credit. But when he returned to Edmonton with the election result, he had "nothing to say—no comment."

New Closets May Be Installed Under Improvement Plan

How many closets are enough? Answers to this question are many and varied, but one thing that most housewives agree on is that they need MORE closets.

It is sometimes a simple matter to obtain more closet space. A bedroom that has not a closet may have two of them built in without spoiling the appearance of the room. One may be built at either end of the wall with the intervening space used for the dressing table or a bed.

Funds for redecoration and modernization are now available at a low rate of interest under the Home Improvement Plan.

Gull Lake

(From Our Own Correspondent)

GULL LAKE. — Mr. and Mrs. John Ehling were guests at the home of Mr. and Mrs. E. W. Dowling recently.

Mrs. A. Eklund and son Clarence left recently for a holiday at the Coast.

Mr. and Mrs. Bob Gibson were visitors in Edmonton last week. The Searchlight Club met at the home of Mrs. Benton Wareham on Dec. 1st.

Mr. and Mrs. E. F. Miller entertained Mr. and Mrs. E. W. Dowling on Thursday at dinner. Mr. and Mrs. D. Miller and Jean were guests of the evening, when ice cream and birthday cake were served. It was the occasion

of Mr. Miller's 49th birthday. The annual Christmas concert of the Gull Lake School will be held on or about Dec. 23rd.

Miss Bethel Wareham, who is attending Junior College, was a visitor at her home here over the week-end.

Ernie Spurway returned recently from B.C. and brought some samples of very nice fruit for his friends.

A \$15,000,000 Meat Parade - HEADED EAST!

The Eastern industrial worker likes Western meat. He consumed over \$15,000,000 worth of it last year, providing a valued source of income to thousands of prairie province farmers. These farmers shipped him 175,705 head of cattle; 21,144 calves and 41,557 hogs and 127,000 tons (not pounds) of fresh and cured dressed meat as well. And meat is only one of the Western items that goes on the table of the Eastern worker. He bought well over \$15,000,000 worth of grains, poultry, eggs, honey and other commodities, and consumed no less than 10,000 tons of butter to the value of another \$4,500,000.

The well-being of such a market—a market aggregating over \$40,000,000—is of vital value to you. It is to your interest to have the Eastern industrial worker in steady employment, the steadier the better, for the greater his work the greater his consumption of your products.

Western purchases of Made-in-Canada can mean work, not only to the automotive and allied industries, but in hundreds of other plants as well. They mean pay-rolls and pay-rolls mean purchasing power.

And don't forget that this domestic market brings far better prices than does the export market.

There are 18,000 workers in Canada's automobile plants, and 15,000 employed in the 200 plant manufacturers of parts. An average of four to a family means over 150,000 people whose prosperity depends in whole or in part on the activities of the motor car business. Add as well, the employees of railways who live by traffic and you have a huge concentration of people whose money is spent in the purchase of goods of the \$40,000,000 spent last year for Western farm products. Therefore, all who have a well of life in it will be vitally interested in a sound and well-impelled Canadian Automobile Industry.

For detailed and timely information about this industry, write to Automotive Industries, 1006 Lonsdale Building, Toronto.

Mrs. Bob Ross was hostess on Monday night to members of her bridge club. Mrs. H. Wilson and Mrs. E. J. Edgington won the honors.

Mrs. W. W. Miles was an Edmonton visitor this week.

Mr. and Mrs. H. T. Laughlin and Mr. J. A. MacDonald motored to Edmonton on Monday.

Mr. and Mrs. J. S. McCormick left for Edmonton yesterday to attend a meeting and dinner of Queens University Alumni, which was held in the Corona Hotel last night.

Dr. and Mrs. E. R. Upton and son Donald of Calgary were week end visitors with Mrs. George Ramsay.

The regular business meeting of the West-We-Forget Club will be held in the Town Hall Wednesday, Dec. 15, at 8 p.m.

Miss Catherine Newton, who has been on the nursing staff of the Provincial Mental Hospital Staff, Ponoka, for the last year and a half, is in isolation with scarlet fever. She is reported to be making favorable progress.

Mrs. R. W. Barritt is in town for a few days, the guest of Mr. and Mrs. David Hay.

Dr. and Mrs. S. J. Stewart and daughter Betty have taken up residence in the Carruthers house on Barnett Ave.

The C.G.I.T. Group of the United Church will hold their annual Vesper Service next Sunday, Dec. 12, at 7:30 p.m. in the United Church, followed by a Candle Lighting Ceremony. Everybody invited.

Sailing on the Canard liner "Aurora" from Halifax next Saturday, Miss Alice Inskip left on Tuesday for an extended visit to the Old Country.

Mrs. G. T. Jackson was hostess to the members of her bridge club on Monday night.

Desmond Marble of Ardath, Sask., was a guest of his brother and sister-in-law, Mr. and Mrs. C. D. Marble, for a few days last week enroute to Vancouver.

P. A. Switzer
Elected President

(Continued from page 1)

these animals for the Toronto Royal Fair and also to train the young men to act as judges at local fairs.

Arthur Newman, Field Man of the Dominion Live Stock Branch, made a plea for some system whereby scrub bulls which are being used in many districts might be replaced with pure-bred animals. A lot of calves, he stated, are being raised at a loss to the owner and lower prices of good stock in markets where they are sold in competition. There is also a lack of a definite breeding policy, he felt, as so many farmers switch from one to another breed so frequently. The whole situation offers a fruitful field for education to get people to see the value of good breeding.

Following lengthy discussion the following resolutions were passed as recommendations to the incoming executive:

1. That some method of increasing the membership be seriously considered.

2. That the formation of a Senior Beef Feeding Club to include young men of 18 years of age or older, be given consideration.

3. That a survey be made in this district of breeders of pure bred stock who would voluntarily be willing to have their herds inspected and culled, with the idea of producing a better quality of cattle.

4. That a resolution be sent to the Alberta Provincial Breeders' Association in December, asking them to approach the government in an effort to evolve some scheme or system of eliminating scrub bulls.

That a recommendation be made to the Central Alberta Calf Club that they consider the idea of a mixed breed competition to be held every fourth year, with all breeds competing.

The regular monthly meeting of the L.O.O.F. will be held at the home of Mrs. P. W. Pratt on Monday evening at eight o'clock.

Mrs. S. Dorsey is leaving shortly for California, where she will in future make her home.

The Teachers' Bridge Club met at the home of Mrs. Jack Clarke on Tuesday evening.

Mr. and Mrs. Frank Adamson have taken up residence in the Union Bank building.

Miss Irene Smith spent last weekend in Edmonton visiting with her parents, Mr. and Mrs. Charles E. Smith.

Mrs. Al Meaton entertained the members of her bridge club on Tuesday night. Three tables were in play; the winners being Miss Albert Peterson, Mrs. Bob Ross and Miss Margaret Masters.

The senior group of the C.G.I.T. is sending a box of toys to Rudolph, Sask., on December 15, and would appreciate the co-operation of the residents of this district. Any old or unused toys may be left at the home of Mrs. C. E. Todd, and will be gratefully received.

A sample fair will be held at the Meadowbrook United Church on Friday evening, December 17 at 8 p.m. Adults, 35c; children, 10c. Draw for a quilt will take place. Fish, Pond. Valuable goods are to be auctioned. Lunch served. 49p

TO RAISE FUNDS FOR NEW HOSPITAL WITH DANCE

A dance will be held in Lincoln Hall on Friday night, Dec. 10, the proceeds of which will be given to the Ladies' Aid of the Lacombe and District Community Hospital. The Lincoln Community Club is sponsoring the dance.

Mirror

(From Our Own Correspondent)

MIRROR.—The vestrymen of St. Monica's Anglican Church here sponsored a Telephone Bridge Drive Tuesday evening, Dec. 1, to raise funds for their church. The following entertained in their various homes: Mr. and Mrs. F. Durrant, Mr. and Mrs. Frank Sinathers and Rev. and Mrs. J. Blewett. Tea was served at the rectory and the prize winners announced. The first prizes were won by Mrs. Henry Flewelling, Alfred McDonald; second prizes, Mrs. James Pileher, L. Wilson; consolation prizes, Mrs. F. Durrant, Clarence Ray.

The draw was made for the quilt which was being raffled by the Women's Auxiliary and the lucky ticket holder was Mrs. A. Hunkler.

The Women's Institute held its annual election of officers for the ensuing year on Saturday afternoon, Dec. 4, which resulted as follows:

President, Mrs. H. Flewelling; first vice-president, Mrs. James Pileher; second vice-president, Mrs. F. Smathers; secretary-treasurer, Mrs. M. Simpson; directors, Mrs. James Pileher, Mrs. Geo. Thomas, Mrs. K. A. Cantelon.

Mrs. A. McNair entertained at bridge Thursday evening, Dec. 2, in her home. Holder of high score at contract was Mrs. J. Blewett; consolation was won by Mrs. S. Bellamy. A delightful lunch was served by the hostess.

Mr. and Mrs. Norman Jackson have left for Trip to Mission, B.C., where they will visit at Mrs. Jacques' parents' home for several weeks.

Mrs. A. D. McMillan entertained at tea on Thursday afternoon, Dec. 3, in her home. Those present were Mrs. L. Murray, Mrs. W. Fray, Mrs. A. McNair, Mrs. S. Bellamy, Mrs. F. Smathers, Mrs. Pacard, Mrs. J. McLean, Mrs. B. Cantelon and Mrs. James Russell.

Mrs. A. Ray entertained the Contract Bridge Club on Friday afternoon, Dec. 3. Prize winners were Mrs. Clarence Ray and Mrs. C. Hardie.

Mr. and Mrs. J. Naylor and family are settled in their new residence on Main Street.

Mrs. J. Lacey and her son, Elora are visitors at the home of Mr. and Mrs. F. Durrant for a few days.

Spruceville

(From Our Own Correspondent)

SPRUCVILLE.—The regular annual meeting of the U.F.W.A. will be held at the home of Mrs. O. S. Young on Tuesday afternoon, Dec. 14th. The usual exchange of gifts will be made. The roll call will be answered by an appropriate Christmas quotation or verse.

Mr. and Mrs. Barnes and Mr. and Mrs. Dave Boden motored to Calgary last week to spend two days.

The Busy Bees met last Saturday night at the home of Mrs. H. E. Heath. They elected Frank Rice as president, with Miss Jean Southward as vice-president. The music will be supplied by

hard-working secretary, Miss Dorothy Rice, was re-elected. The supervisors elected were Mrs. B. Crocker and Mr. H. E. Heath.

Mr. and Mrs. O. S. Young motored to Edmonton last Friday, returning on Sunday. They reported that it took them three and one-half hours to make the return trip owing to icy roads.

Mrs. Braithwaite has received word that her daughter Annie has just had a little son. Mr. and Mrs. Newton will be remembered by all the young folk around this place.

Entertain Young Folk
Mr. and Mrs. Nelson Hall entertained some of the "young marrieds" last Friday night to cards and a social evening.

Don't forget the big dance to be held in aid of Spruceville Community Hall on Friday, Dec. 17. The music will be supplied by

SOCIAL CREDIT ASSOCIATION

TO HOLD ANNUAL MEETING

Lacombe Constituency Social Credit Association is holding its annual convention in the L.O.O.F. Hall, Lacombe, on Tuesday, Dec. 14, at 2 p.m.

Bruce MacMillan, M.L.A., will attend. Board members are asked to bring their credentials and be on hand at 11 a.m. The meeting is for the purpose of election of officers and other business required by the constitution.

The well-known "Swingers" of Sylvan Lake, a turkey and a goose will be raffled off during the evening.

The Lacombe U.F.A. Provincial Constituency Association held a meeting last Friday and arranged to hold a convention after Christmas.

MACDONALD MILLARD, Sheriff
W. G. SAGE, Bailiff
Sheriff's Office, Nov. 30, 1937.

Conquered Climate

THE STATESMEN who laid the foundations of this nation sought a diversification of industry to avert the cessation of work when winter came. The seeking was not in vain, for today the factories and mines and commercial enterprises of Canada level off that seasonal unemployment which was the bugbear of all Canada when the prairies were not yet settled and our manufactured products were mostly imported.

THIS INDUSTRY—the manufacture of cotton textiles—is one which helps to offset seasonal unemployment in the winter months when outdoor work is not feasible. When the country as a whole is prosperous, the mills of this industry, for one, provide steady work for more than 7,000 persons. The primary cotton textile industry as a whole employs upwards of 20,000 persons. If there is a slack season, it is most likely to occur in July and August when other work is comparatively less difficult to obtain.

DIVERSIFIED farming is not always feasible; even Easterners fond of lecturing the West are coming to admit that fact. But diversification on a nationwide scale was seen by our forefathers to be fundamentally important. The extent to which such diversification has been attained is the extent to which we Canadians can progress in good times and withstand economic shocks in bad times.

CENTRAL INEXPENSIVE SMART

Outstanding Musical At Avalon

"The greatest music drama the world has ever known," is what Broadway stage producers call "Showboat." It is one of the big pictures, filmed in recent years and is recognized as one of the stand-outs.

In "Showboat," famous players, such as the queenly and silver-voiced Irene Dunne in the role of "Magnolia" and Allan Jones as the debonair "Ravenal," are flanked by artists you know and admire, and new musical and lyric gems mix with old favorites.

"Here comes the Showboat," far down the river she can be seen, and all the population lines the banks to give her a rousing welcome.

It is the 1936 version of the famous story, perfectly cast. For a real evening's entertainment, no one will want to miss this wonderful picture.

DANCE AT SPRUCEVILLE

A dance will be held in aid of the Spruceville Community Hall on Friday, Dec. 17, in Spruceville Hall. Music by the "Swingsters" of Sylvan Lake. A Turkey and Goose will be raffled. Admission, Gents 50c, including supper. Ladies free. dbe

Residents of the Town of Lacombe voted for the new hospital by a vote of 184 to 17.

Blackfalds

(From Our Own Correspondent)

BLACKFALDS—Friends of Miss Winnifred McElroy, who taught the junior room at Blackfalds school for two years, will be interested and pleased to hear of her appointment as leader of the C.G.I.T. for Saskatchewan. It is believed to be the first time this honor has been conferred upon an Alberta girl. Miss Mac, as she was known to us, displayed keen interest in the C.G.I.T. while she was here, and her winning ways won for her a host of friends who wish her every success in her new position. Miss McElroy graduated from the U. of A. with a B.A. degree last year and is at present teaching at Salisbury school near Edmonton. The new secretary will commence her duties from January 1st.

Mrs. Hale was a visitor in Edmonton over the week end, visiting with her sister, Miss Martha Riis, who is expected to come home for Christmas.

The Willing Workers held their annual meeting at the home of Mrs. MacAllister last Thursday, but the turnout was not as large as might have been expected. A new slate of officers was elected for the coming year, among them being: President, Mrs. MacAllister; Vice-President, Mrs. Warren; Sec.-Treasurer, and in charge of the hall, Mrs. Crocker. Directors were Mesdames Farewell, Fred Miller, McEwen, and McLennan. Mesdames F. McLennan and Fred Miller volunteered to represent Blackfalds as the hospital committee, when the new hospital is opened at Lacombe on December 15th.

The children in charge of the skating rink held a whist drive on Monday of this week at the old Pool Hall, serving lunch at the conclusion of an enjoyable evening. Eleven tables were in play in spite of the cold evening, and the prize winners were: Ladies, Miss C. Arrowsmith. Gents, Elmer Wade. Consolation went to Grace Goughly and Ernie Olive.

Jean Farewell returned from the Peace River on Sunday. News has been received that Harvey Miller and family have reached their destination safely, and are settled near a small town about 20 miles from Kansas City.

Tourists in Canada and the United States will spend well over a billion dollars in 1937 for gasoline, oil, repairs and garaging.

This forecast is based on figures supplied by the automobile associations. The American Automobile Association, for instance, estimates that \$850,000,000 was spent in these commodities in 1936 and reports are that the "crop" of tourists this year is exceeding that of 1936 by 10 to 30 per cent.

In some States the tourist dollar is so sought after that it has become the largest single source of revenue. The future course of touring depends quite naturally on the extent to which the tourist is given those things requisite to his enjoyment, and free from unduly severe restrictions.

Excessive taxation, poor roads, restrictions at state borders, lack of parking facilities and poor route marking are the principal deterrents to the growth of motor travel. It will continue to grow, so long as everything possible is done to assure movement of the motor car with greatest economy.

Dr. McLean finished up the inoculations Tuesday. We have been very fortunate in having some good roads for the past five weeks.

Mrs. Harron spent Tuesday visiting Mrs. Cochlin.

Sees Dark Future

Pessimistic was the note sounded by Morley Callaghan, of Toronto, himself a writer of note, about the future for Canadian authors in their own country. Talented young writers have virtually no chance of succeeding in Canada, he declared in an address before the Canadian Association of Bookmen in Toronto. There was no medium of expression here, Mr. Callaghan averred, hampering this for the gloomy outlook.

Lacombe Wins First Two Hockey Games

(Continued from Page One)

With four and five-man rushes Stettler stomped in the Lacombe goal. They met tough opposition, though, with the Lacombe forwards back-checking furiously and Todd playing a marvelous game in the net. From a pile-up in front of the local net, J. Taylor banged the puck into the net to break the goose-goes-for-Stettler.

H. J. Ford opened the hockey league season in Lacombe, giving a brief speech and appealing to sportsmanship from the home-town crowd. R. MacKenzie, president of the Central Alberta Hockey league, faced off the puck.

Lineup of Teams
STETTILER—Klaffke, L. Harrison, R. Wilson, Dunlap, M. Taylor, J. Taylor, J. Wilson and Seitz.

LACOMBE—E. Todd, Hoppus, Brooks, Carter, Clift, Penman, Chapman, Miles, Haverstad, Bob Tobbs and Roberts.

Referee—Leslie Mathieson.

Chilgwell

(From Our Own Correspondent)

CHILGWELL—Mrs. John Morier of Lacombe is visiting at the home of her daughter, Mrs. Arthur Willson, for a few weeks.

Mr. Bruce McMillan's address was very much enjoyed at the Social Credit meeting on Friday last and a very nice lunch was served by the ladies after the meeting.

Mr. and Mrs. Floyd Willson and James Mitchell were Red Deer visitors on Saturday last.

Miss Gertrude Moore spent the week-end with Fern Willson.

Mr. Burnett's barn is going up despite the cold weather.

Mr. and Mrs. Badry have taken the position vacated by Mr. Waldron.

Dr. McLean finished up the inoculations Tuesday.

We have been very fortunate in having some good roads for the past five weeks.

Mrs. Harron spent Tuesday visiting Mrs. Cochlin.

Clive

(From Our Own Correspondent)

CLIVE—The Clive Community Hall committee is holding its annual anniversary supper, concert and dance on Dec. 10. Supper will be served from 6 to 8 p.m.

E. L. Reynolds shipped a bunch of fat cattle from here on Monday.

The L.O.O.F. Hall is finished on the outside and will soon be ready for use.

The streets are so slippery since the thaw that cars are skidding everywhere and some find the ditch.

A large number of Clive people attended the chicken supper and concert held in the Westling Hall on Wednesday, Dec. 1st.

Rollo Dilts has a job of hauling coal from Edmonton to Ponoka. The management of the skating rink reports that the rink will be ready to open some time this week.

Born, to Mr. and Mrs. Mack Sullick, on Monday, Nov. 29th, a daughter.

The business windows are taking on Christmas decorations, which leads us to believe that the townspeople are awake.

Basketball Team Drops

(Continued from Page One)

the game developed into a fast and rough, yet exciting, struggle, but the breaks went the wrong way. Doug Carr led the locals with six points, with Irvin Todd five, Al Todd, three, and Laurie Hainsworth, two, clicking for the remaining counts.

The teams (personals in brackets):

DEER DEER (Girls): Reedy 2, Kitching (1), Beaumont, Dahl (1), Goetz (2), Snell, Stonehouse, Jardine.

LACOMBE: Donner (1), Wilkes (1), Troit (1), Mattson (1), Craigen, DeLong (1), K. Hay, Thompson, Mann, Sage.

RED DEER (Boys): G. Hamilton (1), Mills, Hay (2), H. Hamilton (1), Long (4), Trueman (2).

Lacombe: Carr (2), I. Todd (3), Troit (1), Hainsworth (1), Bill Waterman (2), Gilmour, Bob Waterman.

Statistics of the Provincial Department of Health show that 10 per cent of the population of this district need hospitalization every year.

Sweet Peas Bloom In November On Farm of A. H. Bruns

(From Our Own Correspondent)

Sweet peas in November is something you read about pertaining to California, but something you rarely see in Alberta. Mr. and Mrs. A. H. Bruns, however, state that sweet peas were picked on their farm, seven and one-half miles north of town, on Thursday, Nov. 11. The sweet peas, a deep red in color, have been blooming all summer and took the National Poppy Day as their last day to bloom.

Westling

(From Our Own Correspondent)

WESTLING—Mr. and Mrs. D. Mack and daughter Pat, returned to Edmonton Thursday, returning on Friday night.

The chicken supper was well attended last Wednesday night in the hall. After the supper there was a concert, followed by a dance. A beautiful cake was then raffled and was won by Ernie Westling.

A number of people from this district have been Red Deer visitors during the past week, a few of them attending the Dramatic Festival at Red Deer on Friday night.

Fenton Billinghurst is staying in Red Deer for an indefinite period.

SCOTLAND IS BEST MARKET FOR FLOUR

OTTAWA.—Scotland is Canada's best market for wheat and flour, according to per head consumption of population. In that country a high-quality loaf of bread is always in demand, for which a Canadian hard wheat in high proportions is an essential ingredient. The principal cereal crop in Scotland is oats.

10 PER CENT OF PEOPLE NEED HOSPITALIZATION

Statistics of the Provincial Department of Health show that 10 per cent of the population of this district need hospitalization every year.

Popcorn Gob Measuring 3 Inches Grown by J. Rimby

A cob of Tom Thumb popcorn, which looks like a pint-size edition of bantam corn, was brought in to the office of the Western Globe by John Rimby, western farmer, who lives southwest of town. The cob of corn measures not more than three inches long and less than one inch in circumference. The cob itself has all the appearance of a perfectly formed cob.

John planted over a dozen hills of this popcorn, which yielded well.

PRAIRIE HONEY WINS

Saskatchewan honey won all the prizes in both clear and granulated classes in the Dominion section at the Imperial Fruit Show recently held at Birmingham, England. Competitors included both New Zealand and Australia. The samples were said to be excellent, with the score card showing only a point or so below full marks. Special mention was made of the attractiveness of the container, labeling, color and flavor of the exhibit. Arrangements have since been made to set up the Saskatchewan honey exhibit as a window display in a London, England, store.

Curling is having a great year at the Forum rink, in Hastings Park, Vancouver. Many former prairie curlers are playing there.

Bill Shaver, referee in the Northwestern Hockey League, has been an actor, reporter, printing pressman, advertising clerk and a life guard.

Community Hospital To Be Formally Opened Dec. 15

Platform To Be Built For Guest Speakers

Lacombe and District's new Community Hospital will be formally opened on Wednesday, December 15. Dr. W. W. Cross or his deputy, Dr. M. R. Bow, will be present to attend the ceremony. A raised dais is being built in front of the main entrance from which platform the necessary speeches will be delivered. On the platform will be the members of the Hospital Board, the guest speakers and the chairman, G. T. Jackson, a former mayor of Lacombe and at one time Lacombe's representative on the Board of the Red Deer Health Unit.

Immediately following the short opening speeches, Dr. Cross or his representative will cut the red ribbon across the main entrance of the hospital, and those attending will be invited to inspect the interior. The nurses in uniform will conduct the crowd in small groups through the building, each nurse explaining the use of the various rooms and equipment.

Tea is being served in the staff dining room in the basement by the members of the Lacombe and District Community Hospital Ladies' Aid Society.

Everyone is invited to attend the opening ceremony, and inspect the modern hospital.

Nursing Staff Of Old Hospital To Be Retained

The nursing staff of the old Lacombe General Hospital staff is being retained in the new institution. No addition will be made to the old staff, which numbers four, including the matron, for at least a month. It is thought probable, however, that an additional nurse or two will have to be hired in the near future.

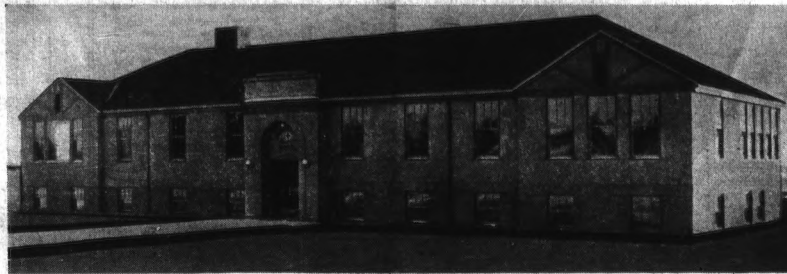

The matron of the present hospital hospital, Miss Margaret Mahoney, received her R.N. in the Holy Cross Hospital, Calgary. She was a "special" for two years in that city, after which she was employed at the Municipal Hospital, Gull Lake, Sask., for three years. After serving another year in the Mental Hospital at Ponoka, Miss Mahoney took a post-graduate course at the Mayo Bros.' Clinic in Rochester, Minn., coming from that place to take over the duties as matron of the Lacombe Hospital in January of this year.

Miss L. Chisholm, a Lacombe girl and a member of the regular nursing staff graduated from the University Hospital, Edmonton, in August, 1931, and has had six years practical nursing in the Lacombe General Hospital since that time.

Miss Mary Semple, another member of the General Hospital staff is a graduate of the University of Alberta of the year 1935. Since that time Miss Semple has been a regular member of the hospital staff here. Miss Eileen Booth, a graduate of the Holy Cross Hospital, Calgary, is the final member of the staff. Graduating in 1932, Miss Booth has been employed in the Western Hospital, Calgary, for one year and was a member of the Claresholm Hospital Nursing staff for three years before coming here early this year.

The external color scheme of the hospital is cream and green.

—Courtesy of Cameron's Studio.

Public Opinion Was Aroused Over Question of New Hospital

Old Hospital Board Started New Venture

The building of the new Lacombe and District Community Hospital was first mooted on March 23, 1937, when a delegation consisting of Mr. A. M. Campbell, chairman of the old board, and Messrs. G. T. Jackson, F. E. McLeod and Dr. E. M. Sharpe appeared before a joint meeting of the councils of the Town of Lacombe and the Municipal District of Crown, which has been especially called at the suggestion of Mayor E. H. Jones. The delegation offered to turn over the entire assets of the present hospital to the councils concerned if they would unite in a proposal to erect a hospital of not less than 25 bed capacity—the old hospital having long since become inadequate to serve the needs demanded of it by the residents of the community.

The assets listed by the hospital were shown to be \$30,324.23, including cash on hand, bonds, accounts receivable and an estimated assessment of the equipment, building, nurses' home and site. This offer was made on behalf of the board of the old hospital consisting of the following public-spirited citizens: Chairman, A. M. Campbell; Secretary and Member, Jesse Fraser; Members, G. T. Jackson, F. E. McLeod, W. T. Hynes, M.D., E. M. Sharpe, M.D. (one of the original incorporators); Mrs. W. N. Morrison; Mrs. John Gilmour and Mrs. G. J. Doherty.

Mr. J. S. McCormick presided at the meeting on March 23 of the joint councils. At this meeting, Mayor E. H. Jones moved that committee of three from each council be appointed to go into the question of costs, financing, site, legal formalities and any other matters connected with the construction of a community hospital and bring in a report to the joint councils, a meeting of which would be called for April 6, 1937. The following members were selected for the committee: Councillors P. C. Owen, T. Wilkes and W. Avery, representing the Town of

(Continued on Page Eleven)

Possibility Lacombe Branch Canadian Legion Will Furnish Ward In Hospital

It is possible that the Lacombe Branch of the Canadian Legion will furnish a ward in the Lacombe and District Community Hospital at their own expense. At a meeting held recently, T. Wilkes was delegated to interview the members of the hospital board and offer a complete four or five piece suite for one of the wards. The offer was accepted, and a meeting of the Canadian Legion to be held shortly will definitely decide the matter.

Silver Mug will be Presented To First Baby Born In New Hospital

A silver mug is to be presented to the first baby born in the Lacombe and District Community Hospital. This mug is to be presented by Cameron's Studio and Gift Shop, along with a free photograph of the baby taken anywhere between the ages of six months and one year. This presentation will be repeated annually to the first baby to be born in the Hospital each New Year, according to B. Cameron, proprietor of the Cameron Studio and Gift Shop.

Ladies To Serve Tea

Tea will be served in the dining room of the new hospital immediately after the official opening. Ladies of the Community Hospital Aid are sponsoring the function. A silver collection will be taken to aid the ladies to carry on their efforts in providing sheetings, pillowcases and necessary supplies for the hospital.

Plebiscites Held In Two Municipalities

Two plebiscites were called, one in the Town of Lacombe and the other in the Municipal District of Crown, in which the voters were called upon to express their opinion on a by-law empowering the Town of Lacombe and the Municipal District of Crown to raise moneys by way of debenture in the amount of \$30,000, such sum to be expended on the erection of a new hospital.

The plebiscite held in Lacombe on May 21 registered strong approval for the project when the proprietary electors voted 148 to 17 in favor of the by-law. The vote held in the Municipal District of Crown also showed favor for the construction of a hospital, the Municipality's by-law passing by a vote of 334 for to 111 against.

With the sanction of the residents of the two municipalities, the councils met and elected the Hospital Board, whose duties it would be to look after all matters pertaining to the erection of the hospital, the furnishings, and in fact, whose control on all hospital matters would be absolute. Accordingly the Board was elected as follows: O. W. Hueppechuser, chairman; W. Park-erand, A. Hall, councillors of the Municipal District of Crown and P. C. Owen, vice-chairman, and W. Avery of the Town of Lacombe Council.

These men immediately went to work and hired the services of Architect M. C. Dewar, of Edmonton, who submitted plans which were closely scrutinized by the Hospital Board. After minor adjustments had been made, tenders for actual building were called for, and the bid of the Poole Construction Company of Edmonton, was accepted, calling for an expenditure of \$27,788.

Meanwhile the Hospital Board was having trouble obtaining ratification of the by-law passed by the residents of the two districts from the Provincial Legislature. After considerable difficulty and seemingly overwhelming obstacles, the Board received

(Continued on Page Ten)

New Building Is Built In Shape of "T"

The new hospital is designed on what is known as the bungalow style, one floor and one basement. The plan of the hospital is in the form of a "T" to facilitate future extensions and efficient administration. One wing of the "T" is given over entirely to the Operating suite, which includes Operating and Sterilizing rooms, Case Room, X-Ray Room, Doctor's Scrub-up and Rest Rooms, Staff toilet facilities and also the nursery. The other two wings are for Men's and Women's Wards. Each patient wing includes a sun room, a four-bed public ward, two semi-private wards, two private wards and patient toilet facilities.

In the center of the building is located the administration rooms, consisting of a secretary's office, public waiting room, the board room, chart room, diet kitchen, the nurses' utility rooms, linen and other storage rooms and the main entrance.

Each wing is a separate and private unit radiating from the administration group and by this arrangement the wings can be extended to provide additional facilities or patient room.

In the basement is located the isolation suite and additional patient rooms, storage rooms, laundry, main kitchen, staff dining room, laboratory, boiler room, kitchen and laundry helps' quarters and the caretaker's room.

From the middle of the "T" upstairs, the nurse can see the signal of any patient in the hospital through the signal system, which is described to greater length elsewhere in this section.

Provision has been made for the installation in the future of separate air-conditioning systems for the main building and operating room; for obvious reasons, the air-conditioning of the operating room would be conducted by a system of its own.

The windows of the hospital are double glazed for air conditioning and they are weather stripped with bronze metal; no storm sash is required. The entire building is insulated and built similar to the construction of an ice box. The lighting fixtures in the corridors are provided with night lights which will enable the nurses to walk through the corridors but will not disturb patients when ward doors are open. All doors have flush metal trim, eliminating dust gathering ledges. The main floors are the slab type, equipped with lever handles on the locks to enable the nurse carrying a tray to open the door with her elbow.

Basement Wards Well Constructed and Furnished

Basement wards in the present hospital are carefully built with a view to keeping them positively dry. So successful have the builders been in this regard that it is claimed the moisture content in the air on the first floor will be practically the same as in the basement wards.

L. C. Jensen was appointed caretaker of the new hospital by the present Board. He is the engineer in charge of the entire building and is responsible for the cleanliness of the institution.

Congratulations!

Dining Room In Basement for Staff Use Only

The nursing, as well as the non-professional staff, are looked after in the new hospital too, by the building of a dining room in the basement for their own exclusive use. The room will be furnished with tables, chairs, buffets, etc., and is a welcome addition to the new hospital. Mastic floors, with the color scheme white and blue-grey, the room is very suitable for its purpose.

Sterilization rooms are installed in three places through the hospital.

Lacombe General Hospital Incorporated By Provincial Act

Hospitalization in Lacombe district from the time of the building of the Calgary and Edmonton Railway in 1892 until 1907 was carried on in private homes, hotels or immigration sheds as circumstances warranted, and no one was refused aid in relieving suffering.

In the year 1907, there appears in the Statute Books of the Province of Alberta a Bill to incorporate "The Lacombe General Hospital of Lacombe," which was assented to on March 15 of that year. The names of the public spirited citizens of Lacombe who were identified with the incorporation of the first hospital in this district are Henry Moorehouse Trimble, William Norman Morrison, Andrew Urquhart, Everett K. Strathy, Wm. Franklin Puffer, John McKenty, William Burris, William John Simpson, M.D., and Edward Montrose Sharpe, M.D.

These men, in addition to subscribing their names to the articles of incorporation, gave of their time and means to finance the building of the first hospital in Lacombe. Particular tribute is also given to Mrs. William Burris, Sr., wife of one of the original incorporators and pioneers of the district, whose untiring efforts in the cause of furnishing equipment for the newly-constructed institution will long be remembered and appreciated by the residents of this community. Her life has been devoted to the work of alleviating suffering among her fellow beings. At time of writing this history, Mrs. Burris, now over 70 years of age, is vitally interested in social welfare.

Mention should also be made here of the young physician who attended the first patient in the original hospital in 1907. Lately graduated from McGill University and a native of Prince Edward Island, Dr. W. T. Hynes had hung out his shingle in Lacombe in the fall of 1905, and has continued to practice his profession in the district ever since.

The original Board and their successors have carried on through the years and have added to the old structure as well as providing a Nurses' home. The operation of the hospital has been in capable hands and at the end of the year 1936 showed assets of over \$20,000 in buildings, equipment and cash. During the past 30 years, the names of the matrons in charge of the hospital are Miss Damon, Mrs. E. Osborne and Miss Margaret Maloney. The latter's appointment was made in the first of the present year.

STORING SPACE ALLOWED FOR IN NEW BUILDING

Three store rooms are placed in the basement for the storage of screen windows, extra beds and equipment, etc. They are conveniently located so that a minimum amount of time is taken in utilizing any equipment thus stored.

The section of the municipal District of Crown, laying south of the Blindman River is not included in the Lacombe and District Community Hospital scheme.

Architect of New Community Hospital

M. C. DEWAR,
architect of the Lacombe and District Community Hospital, and a member of the Royal Architectural Institute of Canada, as well as the Alberta Association of Architects, of which latter body he is a council member.

Laboratory Built In Basement For Doctor's Convenience

A laboratory is also included in the new hospital in the basement. Here doctors can make their necessary tests and give the patients in the hospital service that is found in the larger city institutions. A sink, sunk in the middle of a large "lab" bench runs the length of the room, and every possible convenience is at hand for the doctors. Decorations in this room also consist of white and grey throughout.

The signal system, installed in the new Community hospital, is recognized as the best type of replacing the old bell system, which acted so unfavorably on patients' nerves.

Stucco and Plaster

MUST BE GOOD TO MAKE A FINE-LOOKING, NICELY FINISHED BUILDING

THAT'S WHY

"Ask For Our Quotations, With a Guaranteed Job"

M. C. Dewar Is Architect of New Community Hospital

M. C. Dewar, architect of the Lacombe and District Community Hospital, first became a practicing architect in 1931. Up until that time, he had been connected with other architects as chief draftsman, in which position he designed many large buildings, some of the more recent being the R.C.M.P. Barracks, Edmonton; the Jerona Hotel, Alberta College, and Community and Municipal Hospitals in Wetaskiwin, Grande Prairie and Peace River.

At present he is engaged as architect on the new addition to the Power House and Pumping Plant of the City of Edmonton, which is designed to house a 21,000-horsepower boiler capable of burning 14 tons of slack coal an hour to supply steam to a new 15,000-kilowatt generator.

Poole Construction Company Contractors For New Hospital

The Poole Construction Company, general contractors and builders of the new hospital need no introduction to the general public. One of the largest general contractors in Western Canada, they have been in business since 1906, and claim one of the cleanest records of contractors in the west.

All their experience gained in past jobs has been available for the architect and the Hospital Board, in the erection of this new institution. Foundations, walls, joists, and other important matters in the erection of a new building have been carefully checked and watched. With this careful supervision, it is evident that the Lacombe and District Community Hospital is a well-built building and will stand the rigors of our extreme temperatures.

Among the recent accomplishments, the Poole Construction Co. has built the new Corona Hotel in Edmonton, the Central Alberta Milk Condensery in Red Deer and several other large contracting jobs.

Double windows are installed all through the hospital. These preclude the possibility of the windows frosting up, and entirely eliminating drafts.

We Salute

the residents of this District whose fine co-operative effort has resulted in the erection of this fine, up-to-date Hospital.

Oak Finished Furniture Bought For Hospital

DOUBLE WINDOWS INSTALLED THROUGHOUT THE NEW BUILDING

Double windows are installed throughout the entire hospital. These windows are permanent, and no storm windows will be used. All weather-stripped, the window cases are completely devoid of all drafts. The beauty of this style window is the fact that under no conditions will the glass frost up.

Inside Fittings Are Plain and as Non-Dust Gathering as Possible

The Hospital Board has gone to great lengths to make the new institution as homelike for patients as possible. The old idea of white furniture, white doors, white floors, etc., has been done away with, and new furniture has been purchased. These new effects will be installed in all private and semi-private wards, and will also be placed to a lesser extent in the public wards.

The corner stone of the Community Hospital was laid on Aug. 29 by Mayor E. H. Jones.

Of all metal construction, the new furniture is finished in oak, and the saying "that this hospital will be your second home" is true.

Floors in all the wards on the main floor and basement are of hardwood, waxed and polished, and help to give a homelike appearance to the rooms. The doors throughout the hospital are of one piece slab construction, and are varnished, showing the natural grain of the wood.

Walls throughout the building are white, with the wood work finished in a gray-blue. Large, airy windows are also a benefit to patients in the new hospital.

The comfort of the patients is carefully looked after by the purchase of several new beds to be used in addition to the modern beds of the old hospital. These beds are equipped with the latest in mattress styles, and are comfortable and restful.

Main Entrance To New Hospital

—Courtesy of Cameron's Studio.

Air Conditioning Ducts Installed

With an eye to the future, the Hospital Board has had air ducts installed throughout the new hospital for air-conditioning, but through lack of funds, the Board was unable to place in an air-conditioning unit as yet, but it is hoped that in a few years, air conditioning will be an added modern feature of the Community hospital.

The air ducts now in are placed at strategic points throughout the entire building, and are at present covered. Openings leading up to these ducts were all laid at the time of actual construction.

EDMONTON CANADA

New Building Is Completely Insulated

The new hospital is insulated throughout. At the time of construction, insulation materials were placed between all walls and ceilings, precluding possibility of drafts from the outside. This insulation was placed with a double end in view, the first being to make the hospital as draftless as possible; and the other being to heat the hospital as economically as could be done. Both ends are served through the complete insulation of the building with well recognized, efficient insulation materials.

O. W. Hueppelheuser is chairman of the new Hospital Board.

Doctors Had Difficult Times In Early Days

Previous to the turn of the century, little attempt was made to provide hospitalization to the residents of Lacombe and district. At that time midwives were plenty and doctors few. Cases requiring surgical attention were sent to Calgary or to Edmonton, where the Roman Catholic sisters maintained hospitals for the care of the resident and rural sick. The population was sparsely settled over a large area and doctors were frequently called upon to travel long distances by team, sometimes requiring days as horses could not be relied upon to cover more than 60 miles per day over trails that were tortuous and streams that were bridgeless.

In these days of modern transportation over paved roads by automobile upon which long distances may be traversed in a single hour that would, in the early settlement of the Lacombe district occupy a whole day of difficult travel, we may well offer a stirring tribute to medical men of the 80's whose lives were devoted to the cause of relief from suffering among their fellow men. Among these pioneers we may mention Dr. H. J. Richardson, who practiced in Lacombe from 1894 to 1896; Dr. E. M. Sharpe, 1896; Dr. W. J. Simpson, 1898; Dr. William T. Hines, 1900; Dr. F. Dean Locke, 1923 and Dr. Edith G. Hamilton, 1932. With the exception of Dr. Richardson and Dr. Simpson, who is now a resident of Millet, all are still active in practice in Lacombe.

COLORED MASTIC FLOOR LAID AT ENTRANCE

Appearance, coupled with utility, describes the entrance to the new Lacombe and District Community hospital. A gaily covered mastic floor is laid directly inside the main entrance. One staircase leads down to the basement, while a broader, more imposing, staircase leads to the main floor.

Tile Work In Hospital Laid By Edmonton Firm

Tiling, mosaic and terrazzo work done in the hospital was contracted for by the Empire Marble and Tile Co., Ltd., of Edmonton. This tiling work appears in the operating room, the sterilization room and the laboratories throughout the new hospital. Sanitary, clean and attractive looking, this tile work is a distinct asset to the building. The tile is perfectly dust proof, and well laid by the members of the contractor's staff.

Black and white compose the color scheme for tiling throughout, this coloring effect combining as it does, cleanliness and sanitation. The durability of this tile work is a by-word among those that know. It does not get shabby with wear, nor does sunlight affect the colors in any way. Greases or oils will not stain the tile, and countless scrubbing will not wear off the surface.

Local labor was used where possible in the erection of the Lacombe and District Community hospital.

LAIRD MOTORS

The Home of Chevrolet in Lacombe

Joins the other Business Men of Lacombe in offering its hearty congratulations to the residents of the Municipal District of Crown and of the Town of Lacombe on the construction of this fine New Community Hospital, as up-to-date as is the new Chevrolet—beyond which we can add no further praise.

Silent Signal System Used in Hospital

WOMEN'S WING OF NEW HOSPITAL FACES SOUTH

The Women's Wing consists of two private wards, two semi-private wards and one public ward with a capacity of four people, also provided. Larger than the sunroom in the Men's Wing, electrical outlets are installed for radio or any desired electrical equipment. The ambulance entrance breaks into the corridor in this wing to the east.

Electric Signal Switch Placed Above Every Bed In New Hospital

Cement sidewalks and a circular drive will probably be built up to the main entrance of the hospital next summer.

The signal system used in the new hospital is known as the "silent call." From switches placed above every bed in the hospital the signal is transferred to two signal boxes, one placed in the center of the hospital, and visible from all points on the first floor corridors, and the other in the chart room, this one also being visible in the Diet Kitchen. Four different color lamps are used in the system. An orange lamp is the color for any call from the operating wing, the red for the women's wing, white for the men's wing, and blue for the basement wards. Flash on a blue-green lamp.

The nurse, in looking at the signal box, can, in this way immediately tell from which part of the hospital the call came. Outside all ward doors is located a red light from the ceiling, which designates the particular ward from which the call emanated.

Every precaution has been taken to place the signal box in the most conspicuous place, so that calls may be answered with the least possible delay.

The signal system thus installed is recognized in all parts of the country as the outstanding call system. The old bells, while satisfactory, were not nearly as efficient; the greatest fault of this system, perhaps, being the jangle of the bells, plainly discernible in all parts of the hospital and most irritating to patients.

Frigidaire Refrigeration Units Used

Refrigeration in the new hospital was installed by Frigidaire through their Edmonton agents, Bruce Robinson Electric Company. The refrigerating system calls for two units, a walk-in box in the main kitchen in the basement and a household unit in the diet kitchen. Both units are operated by one motor just inside the basement entrance. Silent operation and non-poisonous gas are the two outstanding points regarding the operation of the new frigidaire.

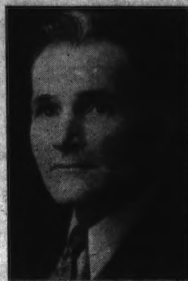

The walk-in box is prepared for storing all kinds of meats, vegetables, milk, etc., and will be kept at a temperature of approximately 38 degrees. The household unit will supply ice for the hospital, and any temperature desired can be obtained through the operation of a freezing control dial.

The new Frigidaire equipment uses the so-called "flowing cold," and it is claimed by the makers that operating costs are reduced by as much as 24 per cent by the use of this fluid.

BOARD ROOM MAY BE USED AS WARD

An additional ward can be used in the new hospital by the conversion of the Board Room into a patient's room. The room has the necessary signal switch, and can be converted easily and very quickly into a semi-private ward.

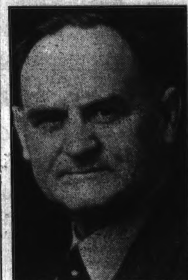

Chairman

Courtesy of Cameron's Studio.

O. W. HUEPPELHEUSER, Reeve of the Municipal District of Crown, is also chairman of the new Hospital Board. Mr. Huelpeheuser comes from the Blackfalds District.

Vice-Chairman

Courtesy of Cameron's Studio.

P. C. OWEN is vice-chairman of the Hospital Board. Mr. Owen has been a councillor of the Town of Lacombe for a number of years.

The roadway along York Street has been widened to a regular width street to take care of extra traffic resulting from the building of the hospital on the street.

Plebiscites held in Two Municipalities

(Continued From Page Seven)

ratification of the by-law and the set-up of the Lacombe and District Community Hospital was approved of by the Provincial Legislature. With the act of legislation in its possession, the Hospital Board was ready to proceed.

With the excavations completed, the corner stone of the new Hospital was laid on Friday, Aug. 27, by Mayor E. H. Jones of Lacombe. After this formal start, work was rushed, and the Hospital rose quickly. The Hospital Board kept close tab on all construction work and spent considerable time in purchasing new equipment for the building.

For close to two months, the Board met often, interviewing various salesmen and purchasing only the most up-to-date and modern equipment suitable for the institution.

And so on December 15, the public will view the new modern hospital, which has been built only with the sanction of the residents of the Town of Lacombe and the Municipal District of Crown, and so to them goes the glory of keeping abreast of the times through the construction of this fine new building.

Coutts Automatic Stoker Installed In Boiler Room

An Alberta made automatic stoker, manufactured by Coutts Machinery Co., Ltd., of Edmonton, has been installed in the new hospital. This automatic stoker is gaining widespread popularity all throughout Western Canada, working as it does on automatic control. Economy is one of the main features associated with this stoker as it is manufactured to burn 100 per cent of the coal gases.

Automatic moving grates is also a feature of this installation. Patients of the new hospital may be assured an even temperature inside the building regardless of the temperature of the weather outside.

Dustless Ceilings And walls in hospital

Modern science has laid down several "don'ts" for the construction of up-to-date hospitals. One of these, and perhaps the most important is "no dust collecting on baseboards, door jams or fancy that was so popular among builders at the turn of the century." The Hospital Board has watched this point carefully in the erection of the new hospital. The walls and ceilings meet in a slight curve, doing away with the skirting. All the doors of the wards are of one piece slab hardwood, eliminating the dust collecting panel door. The baseboards are almost entirely done away with, a narrow, plain wood slab, as non-dust collecting as possible, taking the place of the curved fancy baseboard of earlier days.

Millwork Done By W. H. Cushing

Millwork for the new hospital was done by W. H. Cushing, Ltd., who owns and operates large millwork mills in Edmonton and Calgary. W. H. Cushing, the founder of the company, is an old timer in the West, having arrived in Calgary in June, 1883. Starting immediately in the wood business, Mr. Cushing rose until, by 1914, he had erected and was operating plants in Lacombe, Regina and Saskatoon.

Pace has been kept with the times in the installation of modern equipment in all the plants. W. H. Cushing, Ltd., has an interest in a large Vancouver sawmill, from which place he is able to buy reasonably.

Soundproofing of certain rooms in the new hospital is a new departure in most hospitals.

THE New Hospital IS A CREDIT TO OUR DISTRICT, AND WE

Equipment
Installed**Second to none in the west for
their equipment and roominess,
the Operating and Sterilizing
Rooms of the new Hospital are
both serviceable and up-to-date.
Both the rooms, which adjoin,
have white tile floors, the walls
are sponged in washable green
enamel for the height of approxi-
mately four feet and the balance
of the walls and the ceiling done
in a tinted shade of sea green.All new equipment is installed
in both the Operating Room and
the Sterilization Room. The Op-
erating Table, which can be
placed and tilted to any angle, is
mounted on rubber wheels. It
can be raised or lowered by means
of a hydraulic lift, and is very
adaptable to any kind of work.
Directly over the table is the
operating lamp, a large thirty-
inch diameter "spotlight." All
the new features are embodied in
this lamp. It produces a light
which is not hard on the eyes
and is manufactured from dif-
fused glass, which prevents the
lamp from throwing any heat.In the Sterilization Room,
steam-fitted sterilization equip-
ment of the latest type is being
installed. Napkins, doctor's op-
erating instruments and all sur-
gical effects will be thoroughly
sterilized with this modern equip-
ment. Steam is piped up to this
room from the high-pressure
boiler located in the boiler room
below. A small cupboard where
napkins, towels and other neces-
sary linens will be kept is a
built-in feature of this room.**Plumbing Fixtures
Chromium Plated**Special attention has been paid
to the plumbing fixtures in the

ing Secretary of the new
Community Hospital.**Heated Drying
Rooms Built
In Laundry Room**The laundry room is roomy
airy, and contains all necessary
equipment. Although not finish-
ed in fine plaster as the rest of the
rooms are, the laundry is no less
better equipped. Two large laun-
dry tubs are conveniently located
and extra heavy wiring is placed
in the room for the purpose of
connecting up the large laundry
iron, also known as mangle.Two drying rooms are located
within the laundry room. Both
are of a fair size, and have a fan
blowing into a large heated radi-
ator screen to speed up drying.
This arrangement is a great im-
provement over the old hospital
where laundry was dried outside.
While the various sheets, blank-
ets, etc., can be placed outside for
airing, the more convenient dry-
ing rooms will be a boon to the
laundress during the long winters.

WE EXTEND

(Continued From Page Seven)

Lacombe, and Reeve O. W. Hues-
pelbauer and - Councillors W.
Parker and Albert Hall of the
Municipal District of Crown.This committee reported April
6, 1937, recommending that the
joint councils unite in financing
the construction of a community
hospital of 25-bed capacity to be
known as "The Lacombe and
District Community Hospital"; it
recommended that the estimated
cost of \$30,000 be borne in the
following proportions: Town of
Lacombe \$10,000 and the Muni-
cipal District of Crown \$20,000
(rated according to population);
it also recommended that a board
consisting of five members be set
up to administer the affairs of
the new Hospital, three from the
Municipal District of Crown and
two from the Town of Lacombe,
to be appointed annually by the
two councils. Other recommen-
dations were: That the site of the
new institution be on York St.,
that plans be procured from regis-
tered architects to assist the
committee in bringing in a pro-
gress report on April 19.The committee also reported
that the Bank of Montreal, through
the local manager, Staf-
ford Boyd, had expressed its
willingness to loan the Board the
full amount of the debentures to
be issued covering the cost of
construction until such time as
the market offered an attractive
price.**Steam for Sterilizing
Piped to Women's
Wing of Hospital**Sterilization of instruments, bed
pans and all materials used in a
hospital; is also an important fea-
ture these days. This matter is
well taken care of through the
most modern sterilization equip-
ment that can be bought, and the
building of two small bed pans
sterilizing rooms in both the
Men's and the Women's Wing.
All the sterilizing is done with
steam, the only recognized steri-
lizing agent in modern science.
This steam is generated in the
special high pressure boiler, situ-
ated in the boiler room.**Watching the Progress**OF THIS TOWN AND DISTRICT FOR

Hospital X-Ray Equipment Of Latest Design

Two Refrigerator Units Installed

Refrigeration in the new institution is brought down to a fine point with two individual units, a walk-in box in the main kitchen in the basement and a domestic unit in the diet kitchen on the main floor. Both cooling boxes are run from the same motor situated downstairs.

The walk-in box, roughly measuring five feet by seven, has a large capacity for the storage of meats, vegetables and milk. A fan is placed inside the box to insure a proper circulation of the cool air. It is lighted with dust lights, an ordinary electric light inside the box and a red light outside, so that the person using the box can see from the outside whether the light is on inside.

The domestic unit upstairs is a large, ordinary electric refrigerator with a large capacity. This unit will be the ice-making machine. It is equipped with a temperature changing dial so that any desired temperature may be kept even.

All refrigeration materials used are the most modern and up-to-date obtainable and are installed by the Frigidaire agents.

Door Handles On New Hospital Open With Wrist Motion

Attention to detail has been one of the prime considerations of the Hospital Board and the Architect. Nowhere is this more evident than in the door handles of the new hospital. Every inside door throughout the building is equipped with the modern "wrist-action" door handles, considered the latest in hospitals all over the country.

These handles are not the ordinary knob seen in older buildings, but operate by pressing on them with the wrist. This petty factor is considered important, in that the nurses do not touch the door handles with their hands, hands which later perhaps will be preparing food for some patient. In this way, any germs resting on door handles are not transferred to the nurses' hands, and from there to the patient.

EXTENSION TO ANY WING OF NEW HOSPITAL POSSIBLE

Possible extension to any wing of the new hospital is carefully looked after by the members of the board. All the wings are finished so that these possible extensions may be made. This is a contingency that has been brought up and discussed in several meetings.

Phosphorescent Paint Used On Walls of X-Ray Room

The X-ray room in the new Hospital is designed, especially as an X-ray room. Paint on the walls has been specially prepared to give it phosphorescent properties. A special electric lamp which sheds a very dim glow is placed directly above the fluoroscopic table. This dim glow is reflected by the wall paint and gives the doctor enough light to conduct his X-rays but not enough to damage the X-ray plates. The door and window shutters close tightly, excluding all outside light.

Member of The Hospital Board

—Courtesy of Cameron's Studio.

W. AVERY member of the Council of the Town of Lacombe, who, along with P. C. Owen, represents the Town on the Lacombe and District Community Hospital Board.

The new hospital has one of the largest window areas for the size of the building in the province.

A Splendid Machine
The X-ray machine is the most up-to-date that money can buy. It is not solely manufactured for the taking of X-ray plates only, but is also capable of fulfilling the duties of a fluoroscopic machine. It is designed to take pictures from any angle, whether the patient is standing, sitting or lying. Through this fluoroscopic combination, action of the various organs of the patient can be watched. No plates whatever are taken. The X-ray machine photographs a "still" of the part of the patient's anatomy the doctor wishes to check.

Fool-proof in design, the X-ray machine is built for safety. In the past these machines have been known to burn patients subjected to the X-ray, but in this machine, all danger of burns is entirely eliminated.

Sound-Proofing Materials Used In Nursery

With an acoustic ceiling and sound-proof walls, the nursery in the new hospital is an invaluable addition to the hospital. Patients will not be disturbed by cries of babies with the sound-proofing materials used being approximately 90 per cent proof against sound. Situated to the left of the main doorway, just outside the operating wing, the nursery, although small, is as well equipped as any nursery in the province.

Two large windows, on which special-care was taken to entirely eliminate drafts, provide ample light. The color scheme here is the same as the rest of the hospital, with maple hardwood floors, the walls in white and the woodwork finished in blue-gray, the ceiling being of a special sound-absorbing material, is a deep cream, and is finished with a rough surface.

Green being by scientific experiments the easiest color on the eyes, this color has been selected for the window shades of the new hospital.

Electrical Work In Hospital Done By Colin Allan

Electrical work in the new hospital was done by Colin Allan of Edmonton, who learned his trade in Aberdeen, Scotland. He was superintendent of the Burnham-Frith Company in Edmonton from 1907 to 1910, in which year he started in business of his own.

One of the largest installing electricians in Edmonton, Colin Allan has done the electrical work on the University of Alberta Arts Building, the C. N. R. depot, the west wing of the Alexandra hospital, the Bonnyville hospital and many other large constructions. The firm of Colin Allan employs a large number of electricians, all skilled in their trade.

CHART ROOM PROVIDED INSIDE MAIN DOORWAY

The chart room in the new institution is directly in front of the main doorway. Small, but compact, this room will be the admittance room of the hospital. Furniture will consist of a small chart table where the matron will keep check on the patients in the hospital.

All the floors in the new hospital are hardwood maple.

R. PARK, Prop.

Ladies Of District Organize New Hospital Aid Society

Isolation Ward Consists Of Two Room Suite

The isolation ward in the new Lacombe and District Community Hospital is one of the most modern in Western Canada. The "ward" itself consists of two rooms, one for the nurse and one for the patient. The two rooms are connected by a rest room. Both nurse and patient are isolated from the other wards during the period of the contagious disease.

In the patient's room is an electric signal switch, which, when the cord is pulled, flashes on a red light in the nurse's room. The electric switch works one way only, and has to be pushed back into place, so that the patient's signal will stay on until the nurse has attended the call.

This ward is of the most modern

Plumbing and Heating Units Installed By Dow and Scott

The plumbing and heating in the new building was installed by Dow and Scott, a comparatively newly formed firm of Edmonton. Both the partners in the company, however, have had years of experience in their own lines. C. F. Dow held the position of foreman with H. Kelly Co. for a period of 20 years, while J. H. Scott, the junior partner also had eight years practical experience with the same firm.

That the sub-contract let for the plumbing and heating to Dow and Scott was no mistake is proven by the fine installations which are evident.

ern type, and because both the nurse and patient will be isolated is, in itself, a safeguard against the spread of infectious diseases.

Ladies' Hospital Aid Formed To Raise Funds and Provide Materials For New Hospital

Sheets, bedding, linen and various necessities in the new hospital are provided to a large extent through the efforts of the ladies of the community, who have formed a Society for this purpose. For the past three months, the ladies in town and out of town have been working away providing the so-called "petty" necessities of the hospital. Regular meetings, sewing bees and teas have been held, at which work was done and future work planned.

Steam Heating To Be Operated By Thermostatic Control

The boiler room in the new institution being opened December 15, contains some of the most modern equipment in Western Canada. Automatic devices are in use throughout the room, all these devices insuring an even temperature throughout the building.

Two boilers are used. One, a low pressure boiler, is used for the heating of the building; the other is a high pressure boiler used exclusively for the providing of steam for sterilization purposes in the Sterilizing room. The low pressure boiler, the larger of the two, is equipped with a Coult's automatic stoker, which works on a thermostatic control and ensures an even temperature regardless of the weather outside the building. Thermostats are placed in several places around the hospital, all connected with the control switch on the stoker.

The building is heated with steam, and modern, attractive radiators, placed to give the utmost in service, are placed in all of the rooms.

Two coal bins are conveniently placed directly off the boiler room and contain two grades of coal, one for each boiler.

Diet Kitchen Well Equipped

The diet kitchen in the new building is centrally located for fast service to any ward in the hospital. Equipped with a household refrigerator unit, shelves, sink, and cupboard, it is well equipped for service. The ordinary meals, which will be prepared in the main kitchen in the basement, is connected with this room by a dumb waiter, for efficient distribution to the wards on the first floor.

Dr. W. T. Hynes performed the first operation in the old hospital in 1907.

The Lacombe and District Community Hospital Ladies' Aid Society, organized at a meeting on September 20, 1937, has a paid up membership of 37. Ladies of rural districts around Lacombe are also organizing, or have organized and are supporting the movement. At the original meeting it was decided to ask these rural districts to send representatives to the regular meetings. Each district is to have a convener, and to work in conjunction with the local organization. Mrs. A. M. Campbell is in charge of the distribution of work; Mrs. Hynes is the convener of the buying committee and the executive consists of Mrs. P. C. Owen, president; Miss M. Masters, treasurer and Mrs. E. J. Edgington, secretary.

Up to the present time, the Ladies have bought materials for and have made 40 sheets, 15 pairs of blankets, 26 pillow cases, three draw sheets, 24 children's and 17 adult gowns. Curtains and drapes for all the windows have also been purchased and paid for by the funds which the ladies have raised. All the materials are marked and ready for immediate use.

The Lacombe L.O.D.E. have undertaken to furnish layettes for the nursery; the senior C.G.I.T. Groups are making kimono and bed jackets for the children; two of the rural districts, Iowa and Jones Valley, have each taken a bolt of sheeting to be made up; and the other districts are planning ways of raising materials. Money has been raised by the Society through the medium of the dance held recently and through the sale of Home Chest tickets. A tea will also be held in the hospital on the opening day.

DUMB WAITER JOINS BOTH KITCHENS

By means of a dumb waiter running from the main kitchen in the basement to the diet kitchen on the main floor, meals for patients will be served with a minimum amount of time and while the food is still hot. Facilities in both kitchens are considered of a high standard.

The operating room of the new hospital is one of the most modern in Western Canada.

TWO LINEN CLOSETS PROVIDED IN HOSPITAL

Space for linen is not neglected in the new hospital. Two are located on each floor, each containing large shelves and room for extra linen. The large capacity for storing linen will ensure patients of clean linen when wished for with no needed extra rush on the laundry.

LAUNDRY SHUTES AT CONVENIENT POINTS

Convenient for the staff, laundry shutes are placed at handy places on the first floor. All these shutes lead down into baskets close to the laundry room.

ed for with no needed extra rush on the laundry.

Non - Professional Staff Has Sleeping Quarters

Sleeping arrangements for the non-professional staff is not overlooked in the new hospital. In the basement a double room is provided for two laundresses and two single rooms are provided, one for the cook and one for the caretaker of the building.

All these rooms, though small, are complete in detail and follow the general color scheme of the hospital, white walls with gray-blue trimmings. The floors are hardwood, and are attractively finished.

The town of Lacombe donated the present site of the hospital.

Congratulations!

RATEPAYERS OF THE MUNICIPAL DISTRICT OF CROWN AND THE TOWN OF LACOMBE. . . YOUR FINE CO-OPERATIVE EFFORT HAS RESULTED IN THE ERECTION OF THIS FINE NEW HOSPITAL.

Ten Patient Beds in Men's Wing

MATRON'S OFFICE AND WAITING ROOM ADJOIN

Directly to the right of the main doorway on the first floor is the general waiting room and matron's office. These two rooms lead into one another. Both will be furnished with an eye, in the matron's office, to efficiency, and in the waiting room to comfort. Though both rooms are comparatively small in size, they are large enough to meet any demands that may be made upon them.

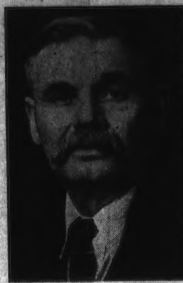

Keeping Abreast Of the Times

Residents of Lacombe and District are to be congratulated on their New Modern Hospital. It is a credit to their far-sightedness.

ALBERT HALL

of Morningside district and councillor of the Municipal District of Crown, was appointed member of the Hospital Board by the M.D. of Crown Council.

Case Room Sound Proofed Throughout

Attention to detail is also evident in the Case Room of the present hospital. Sound proofed throughout, as is also the Nursery, the Case Room is ultra-modern in construction. Sound absorbing ceiling, buff sound absorbing walls and with the floor covered with battleship linoleum, this room is one of the best of its kind in the province. It is equipped with nothing but new, up-to-date furnishings.

Directly outside the door of the Case Room are two wash basins for the convenience of doctors.

The purple color paint used on the walls of the X-ray room are phosphorescent.

Has One Ward With Four Beds

The Men's Wing which lies to the right of the main entrance has the same patient capacity as has the Women's Wing, consisting as they do of two private wards, two semi-private wards and a public ward. These give a total possible capacity of ten patients. A sun room is also provided in this wing, facing west, where convalescent patients may bask.

With floors finished here in the natural grain of the hardwood maple, this wing also gives a homelike appearance. Signal system buttons are placed above every bed, guaranteeing fast service from the nurses. As in other wards, convenient outlets for electrical currents are made for any electrical device such as a radio. By attention to all these small matters, the building proves again that it has been built right up to the minute as far as design and equipment goes.

AMBULANCE ENTRANCE LEADS INTO WOMEN'S WING

The ambulance entrance which leads into the center of the women's wing from the east is wide and convenient for admitting patients. Steps leading up to the main floor are also made wider than the usual steps, as well as the staircase itself.

A rest room is also provided in this wing along with a small room piped for steam sterilization.

Lacombe voted for the hospital as follows: 134 For, 17 Against.

Congratulations!

To the Ratepayers and Residents of the two Municipalities whose fine co-operative effort made the erection of the Lacombe and District Community Hospital possible. It is one of the most modern Hospitals in the Province and I am proud of the privilege of being the architect for this Institution.

I also wish to publicly express my sincere thanks for the co-operation I received from the Hospital Board. It has been a pleasure to work with them.
